

Viewing Parcel Oblique Imagery

1: Search for Parcel

- Map will zoom to parcel
- Parcel boundaries will be highlighted

2: Click on Search Tools

3: Scroll to Eagle View; Click on Activate with map click

4: Click any area of the highlighted parcel to bring up the oblique satellite views

- The satellite map with oblique imagery will open in a separate window

5: Use the directional arrows in the top left corner of the image viewer to rotate the image and view all directional sides of the parcel
